2、On-site inspection at ports of entry

Upon arriving at the 144-hour visa-exemption transit area at Pudong or Hongqiao International Airport in Shanghai, an applicant can print the arrival card for temporary entry foreigners on a Self-Service Device by scanning the QR code or his/her international travel document. He/she can then proceed to the specific channel with his/her arrival card, onward ticket, international travel document and other documents, and be interviewed by an immigration inspection officer.
