THE DAILY

Friday, May 23, 2025 • Cruising the Inside Passage
Tonight's Attire: Casual

Cruising the Inside Passage

The Inside Passage is a great place for some last-minute wildlife spotting. It's not uncommon to see pods of Pacific White-Sided dolphins around the northeast corner of Vancouver Island. The island also has the largest concentration of cougars in all of North America, but sightings are rare as they prefer dense forest and mountains.

Account Statements

You can now conveniently access your onboard statement via Navigator or your stateroom television. If you have any questions regarding your statement, please see Guest Services before 5:00pm on May 23rd.

Share Your Experience

After you disembark, we'll send out an email asking you about your cruise. Please take a few minutes to let us know what you enjoyed and if there is anything we can improve in the future. We hope you've had an amazing time aboard Koningsdam and we look forward to welcoming you back on a Holland America Line ship soon.
